INFO

Re-structuring an old theatre of the 19th century in the heart of Paris to turn it into an interactive platform for 21st century music and arts poses a number of difficult problems. To sum them up we have conceived of a place that could cater to all the artistic activities of today, a place open to public visits but that was also a working studio where artists could actually create, produce and present.

The design priorities are clear: create three main production facilities, three spaces for live ...
